OUTPUT CONNECTOR STYLES

- A** Output cord terminated in 2.5/5.5mm barrel jack with 12mm shank. Center positive.
- B** Output cord terminated in popular 4 pin connector.
- C** Output cord terminated in filtered 5 pin 180 degree din plug.
- D** Output cable terminated in filtered 6.3/3.0mm barrel jack. Center positive.
- E** Output cable terminated in yellow tipped 2.1/5.0mm barrel jack with positive center pin(with filter).
- F** Output cable terminated in black tipped 2.5/5.5mm barrel jack (with filter). Center positive.
- G** Stripped and tinned
- H** Output cable terminated with 4 pin Radius / KDS type filtered plug

PHONE US

Selecting the exact power supply and connector to match your laptop can be tricky. Call us. We are experts at identifying the correct unit and can save you considerable time, effort and frustration. It will be very helpful if when you call you provide the following information: (A) Make and model of your laptop, (B) The output voltage and current of the power supply (C) Type of connector. Call Norm at 514-731-8335
