Surplus Traders is cleaning house - we have to move out truckloads of pallets to make room for the new deals we have purchased.

We want to sell off our existing inventories of selected electronic parts and components at low, low, "BUY BY THE PALLET" pricing. We are offering this deal for a limited time... when we have cleared our warehouse for the incoming shipments, this offer will end.

We are offering electronic parts and components very very cheaply!!!!

\$200 PER PALLET! TOTALLY INSANE!!!!

Buyers are welcome to check out the transport costs from our zip, 12903 to their location by truck. Minimum order is 20 pallets.

Assortments will vary and will contain multiple items with a quantity of each item. Sorry, no choice as to what goes on the pallet.

No commitment is made to the number of different items that may be supplied.

This is a real GIVE-AWAY deal! Not for the faint-of-heart, but could be highly rewarding for the enterprising among you who can spot a deal and know how to sell off this type of merchandise!
